Denis R. Brown, son of Mr. and Mrs. Sydney Brown, 1620 Flower, completed the Officers' Candidate School in Newport, R.I., and was commissioned an ensign in the United States Naval Reserve.

Ensign Brown, a graduate of the University of California at Berkeley, is now attending the Naval Communications School and will ultimately report to the US Kennebec for duty.

Strange how close relatives can be very distant.

**SWEETSTAKES WINNER . . . "Pinochio"** won the sweepstakes award during the Fishermen's Fiesta in San Pedro over the Labor Day weekend. The fiesta, revived after five years, drew large crowds all three days. The winning boat, owned by John Guglielmo, is better known as Jimmy Boy. The entry was designed by the skipper's son, Neil, and decorated by the family and crew members.

**Hebrew School Registration Deadlines Set**

Registration for the Religious School of Temple Menorah will be held at the Temple, 1101 El Camino Real, Thursday, Sept. 6. Time is from 8 to 10 p.m.

Membership in the congregation enables families to enroll children at no extra cost. Information about the school can be obtained by calling the chairmen of the membership committee, Mr. or Mrs. Ed Sokolski, at FR 5-9627.

**Law in Action**

Be careful when you change and revoke a will, and be sure you use the proper legal methods.

Why are the courts such sticklers for method in will cases? Because when the time comes to pass upon a will, the main character in the drama is no longer on hand to say what he had meant to say. Hence witnesses, formality, and extreme care.

**THE OTHER DAY** Mr. Smith put before his lawyer a will which he had made a year before. He had written in a few changes, and wanted to know whether his lawyer thought they were all right.

Mr. Smith had scratched out certain words and written in others in his own hand writing. He did not want to revoke his whole will, but merely to change a few items.

Had Mr. Smith died with his will in that condition, most likely the court would not have recognized the changes, but might well have had to prove (probate) the will as Mr. Smith had first written it.

**YOU CANNOT** merely by crossing out and adding parts, legally change a will once duly written, witnessed, and signed: You have either to draft and execute an entirely new will or to add a "codicil" which you have witnessed and signed the same way as the will in the first place.

Since a will does not take effect until after the testator dies, one should review his will at least once a year to meet changing conditions. Has anyone new been born into the family? Any deaths in benefi-

ciaries or executors? Has the estate changed in size or condition?

IF SO, get the will worked over to meet the new conditions. It is easy to put off such things. But don't.

Look out for such things as deaths among the heirs; births, marriages, or divorces in the family; accidents or sickness among the close relatives. It may be desirable to increase or decrease the amount given them. An increase or decrease in the estate's value may call for a change. Death of all witnesses, a change in the income tax or death taxes, may cause you to take a fresh look at your will, perhaps to make a new one or add a codicil.

David L. Price, son of Mrs. Georgia M. Price of 3321 W. 183rd St., completed recruit training Aug. 24 at the Naval Training Center, San Diego.

During the nine-week indoctrination, recruits are trained in physical fitness, basic military law, military drill, customs and etiquette of the naval service, swimming and survival, first aid and basic ship-board routine.

**COUNTY FAIR PONIES . . .** Advertising "Torrance Day at the Fair" for Sept. 18 are the pony teams of the Los Angeles County Fair which visited Torrance recently. Drivers for the stagecoach and old covered wagon (from left) are Jack Hyde, Glenn Bond, Luann Bond and Bob Hyde, all from the Malibu Pony Farms. Tim Platt of the fair staff accompanied the teams.

**Drain Bids In Waleria Lake Ready**

Opening of bids for the Waleria Lake Storm Drain in Torrance is set for Friday and will be supervised by County Flood Control Chief M. E. Salisbury.

Supervisor Burton W. Chace said the contract, costing approximately \$900,000, will include construction of a retention basin, pump station, main line storm drain and supporting fixtures.

Site of the basin and pump station, Chace said, will be northwesterly of 236th Street and Hawthorne Boulevard. The main line will extend from the pump station to an existing drain at Madison Avenue.

Construction will begin within several weeks after formal award of contract, with actual construction time of 12 months.

The project is financed as a part of the \$225 million storm drain bond issue of 1958, Chace said.

**Relationship Of God, Man Lesson Topic**

The indestructible relationship of God and man will be emphasized at Christian Science services Sunday.

Scriptural selections in the Lesson-Sermon on "Man" include the following verse: "It is God that girdeth me with strength, and maketh my way perfect."

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states: "The relations of God and man, divine principle and idea, are indestructible in science; and science knows no lapse from nor return to harmony, but holds the divine order or spiritual law, in which God and all that He creates are perfect and eternal, to have remained unchanged in its eternal history."
